MAIL BID SALES

WHY WE HOLD MAIL BID SALES

We feel that a mail bid sale is the fairest method for selling coins.

Your bid is received and entered in our books. On the day of the sale the lots are awarded and collectors are able to purchase lots as reasonably as competing bids will permit. Lots are sold for the usual advance over the next bid. In instances of similar bids preference is given to the first entered.

Through mail auction sales everyone is assured of equal opportunity, and our growing clientele indicates that our fair dealing is advantageous to all. Collectors desiring information about any of the lots in this sale will be furnished same without obligation. Estimates are prepared in advance of the sale and do not reflect the bids received.
